Walk 3 Walk around Thorp Arch and Flint Mill

From the Millennium Gardens walk down Bridge Road and cross the river on Wharfe Bridge, follow the road straight up into Thorp Arch village passing the War Memorial on your right. Take a right turn along Church Causeway and as the name suggests it will lead you past a church. All Saints Church, mentioned in the Domesday Book, was rebuilt in the 12th Century and again in 1485.

Follow the road crossing Dowkell Lane and take a left turn onto the cycle track. The track has been built on what was once the bed of an old railway and you can see evidence of the old platform, engine sheds and the embankments.

Carry on along the track and you will come to a main road; cross over this road and continue along the track when after about 1/4 mile you will reach a crossroads, the right turn leads into Wetherby Race Course, the path straight ahead leads to Wetherby town centre, but for walk 3 you will be taking the left track. This small tarmac surfaced road leads you back to the main road, cross this road turning left and take the next right turn along Flint Mill Lane.

Follow the road past the farm buildings then take the footpath straight ahead (the road continues round to the right). This footpath is part of the Ebor way. Stay on this footpath as it turns through woodland and at the end of the path turn right and follow the road as it takes you back into Thorp Arch village, continue past the Pax Inn and then the War Memorial which will be on your left and back across Wharfe Bridge and into Boston Spa.
